Judge Nicholas At Wooster Decides Date for Vote Tuesday Morning — Petitions Had Over 55 Percent of Coshocton County's Total Vote — Bound in One Volume Weighing 15 Pounds — Dry Committee Refuses to Accompany Citizens — The Fight Is Now On.

Date of election, Thursday, Dec. 14.

Number of names, total, signed to petition, 4044.

Percentage of total vote, 55 pct.

Committee handling the petition and going to Wooster before Judge Nicholas: J. T. McBane, George S. Caton, C. E. Ransom, D. O. Thompson and C. R. Herbig

Members of dry side declined invitation to have representative before the court.

WOOSTER, O., Nov. 21.—(Special)—Judge Nicholas has set the date of Thursday, Dec. 14, for the Rose county local option election in Coshocton county.

The committee of five business men of Coshocton arrived in Wooster with the petition at 11:50 and went at once to the court house, and were given an immediate audience by Judge Nicholas.

The petition was presented and minutely examined by the court. Under the law the election could not be held until 20 days from date, or Monday, Dec. 11; nor could it be held off longer than 30 days, or Dec. 21. The court fixed the date for Thursday, Dec. 14, just 23 days from date.

The committee took dinner at the Hotel American and will leave for home at 4 o'clock via Orrville, arriving in Coshocton tonight via the Wheeling.

Scores of Wooster businessmen visited them this afternoon and inquired as to sentiment and methods pursued in Coshocton county to get rid of the bootleggers.

It took from 8:25 till 9 o'clock Monday night to twist the red tape necessary to the filing of a monster petition. At the meeting of the Citizens' League, a committee of five was named to make affidavits to the genuineness of the petitions, the number of names, to file them and to accompany Clerk Haverick to Wooster to appear before Judge Nicholas and ask that a date for the election be set.

It was an impressive scene in the office of the county clerk. The men named to take charge of the petition, which consisted of more than 400 pages, were J. T. McBane, manager of the Citizens' League; Carl Herbig, in charge of the office, and who has been in active touch with the petitions; C. E. Ransom, George S. Caton and D. O. Thompson, the well known merchants. By special arrangement Clerk Haverick was at his office at 8 p. m. The committee and an Age reporter were the only ones present when the oath was administered.

Took the Oath.

With heads bared and hands upraised the men took the oath as to the genuineness of the names on the petition, and then Clerk Haverick started in to stamp each individual petition with the filing stamp. Afterward, the book into which they had been bound was sealed with red sealing wax on the binding, and the official seal of the county impressed. Then the big book, weighing about 15 pounds, was wrapped in paper, tied with stout cord, and placed securely in the safe for over night.

At 8 o'clock Tuesday morning the five men of the committee and Clerk Haverick left on the Wheeling for Wooster to appear before Judge Nicholas immediately after dinner. The clerk held the precious cargo in his arms.

Drys Decline

When the committee was selected Monday night, Manager McBane immediately went to the telephone and called up P. C. Shipps, president of the Good Citizenship (dry) league and told him the peutions were to be filed and the committee to appear before Judge Nicholas at Wooster Tuesday, and inviting the dry side to send a representative along if they so desired.

Mr. Shipps responded that he knew nothing about it and that he was not president of the dry organization.

A call was then made to Jasper F. Meek, and Mr. Meek responded that he "didn't have anything more to do with the dry committee than you have."

Then a call was sent to Rev. Brewer and the latter stated that while he was not at the head of the dry committee he would see that the proper authorities were notified of the invitation.

The invitation was however not accepted, and the Citizens' League committee made the trip alone.

Three years ago when Judge Donley, manager of the dry campaign, filed his petition for a dry election, the wet side had to have a man stationed at the court house to find when it was to be done, and held themselves in readiness to appear at a moment's notice. No information or invitation was vouchsafed to them.

The petition as filed Monday night contained 3969 names with a township and a half still out. The necessary 35 per cent of the voters required on the petitions was 2562.

More Names Come In

Clark township and an additional list from Franklin were turned in Tuesday morning, containing 75 names, making the total 4044, or considerably more than 55 per cent. Part of Perry is not yet turned in. These of course are too late to add to the official petition, but show the sentiment of the voters, just the same.

Three years ago the drys' petition contains 2920 names, and a few scattering came in later making their total about 3000.

CARROL GIRL IS BACK—NO MYSTERY

Miss Kate Carroll, daughter of Mrs. Charles Dover, returned home last evening from a two weeks' visit with friends in Akron and Canton.

Thus is exploded a sensation story printed the other day in another paper in Coshocton. The story had gone on to say that Miss Carroll was "mysteriously missing" and had probably either "committed suicide" or "eloped," doing the young lady a rank injustice. Mrs. Dover states she knew where her daughter was all the time and there was far from being anything mysterious in her absence from the city. Her friends feel justly outraged over the liberties taken with her name.

GOVERNOR JUDSON HARMON'S THANKSGIVING PROCLAMATION

"As the year draws to its close the time comes again when we take stock of what it has brought to us. In our favored land we generally find abundant cause for the hearty thanksgiving which does not test our faith in the Divine goodness. And this year is no except on.

"Thursday, November 30, is chosen for observance as a day of thanksgiving to God for what in His bounty we have received and for what in His mercy we have been spared.

"By religious services in church and at the fireside, and by laying aside our usual occupations, let us, the people of Ohio, acknowledge our obligation to the Ruler of Nations.

"And that our gratitude may be an acceptable offering, let us each, according to the blessings he has received, give practical remembrance to those whose lot is poverty and affliction.

HIS ACTIONS SAID TO BE SUSPICIOUS ALSO

Judge Ashman Refuses Irvin Myers Divorce Decree—Is Alleged to Be Guilty of Same Offense With Which He Charges Wife — "Must Have Clean Hands," Says Court.

When Irvin Myers testified to Probate Judge Ashman Monday afternoon during the hearing of his divorce suit against his wife Lizzie Myers, he made a blunder when he said that it was suspicious for his wife to keep a boarder in her home for Judge Ashman turned the trick on him and discovered through his own testimony that he, was living or boarding with a woman on South Second street in this city. He admitted that this fact looked suspicious too. The divorce was refused Myers.

"If people want a divorce in my court," said Judge Ashman Tuesday morning, "the party bringing suit will have to come into court with clean hands."

Myers started his suit on the grounds that his wife had a very "loose" character. He alleged that the woman kept a man boarder in her home and that at several times he knew of other men visiting the house.

"That does look suspicious, doesn't it?" asked the judge.

"It surely does," said the man hot after the divorce.

"Where are you living?" was the next query.

"Down on Second street."

"Boarding with someone?" asked the judge.

"Yes I am living with Mrs. ——," said Myers.

"Anybody else board there, too?"

"No, I'm the only one," he said.

"Well doesn't that look suspicious?" was the thunderbolt.

Myers had to admit it did.

Probation Officer Brunskill dug up this little bit of information that kept Myers from securing his decree.

Judge Ashman reserved his decision until Tuesday morning when he refused to grant the decree.

Signed Petitions By Lantern Light

News drifted in today of the enthusiasm with which many farmers and residents of the country have been going after petitions that will enable them to vote "wet" and do away with the bootleggers who have been overrunning the country since the Rose law has been in effect.

In one township two farmers had the petitions and they were too busy to attend to it in the day time so they set out after dark with lanterns and had a couple of friends help them. Lanterns were bobbing about all over the township, and men were signing by lantern-light, hurrying to express their sentiments in regard to the Rose county option measure.

TROUBLE FINDER FOR FIRE DEPT.

Local Man's Patent Put to Use By Chief Tracewell And Is Praised.

Chief Tracewell and the board of control have purchased one of Clarence Brown's patented wire trouble finders to be used in locating trouble in the fire alarm system in this city. The patent is one of the best made Chief Tracewell said Tuesday that it was absolutely the best he has ever seen for locating any kind of trouble. The machine attached to a circuit will tell just where to find the location of the "ground," broken wire or other common causes of trouble in electrical circuits. One of the features of the little instrument is that the circuit is always open when it is being used. The wires can be used and an alarm sent over them through the instrument, while it is in operation. Brown is employed by the Citizens' Telephone Co. here as wire chief.

CALDWELL GIRL NOW CLAIMS SHE WAS DRUGGED IF IT IS TRUE SHE WEDDED COCHRAN

Case Causing a Big Sensation

Bennett Hall Claims To Have Papers Showing He Married Caldwell Girl in Covington, Ky. — Dispatch From Caldwell Says Cochran Married Her 4 Hours Before — Is It "Miss Garber," "Mrs. Cochran," or "Mrs. Hall?" —Girl Found in Hall's Room At Newark.

Developments in the alleged dual marriage of Miss Gerber of Caldwell Tuesday bring even a bigger sensation than the first reports of the alleged offense. Miss Gerber is now at the home of her mother in Caldwell and claims that she was never married to J. Foy Cochran of Coshocton although a dispatch from Caldwell says the young couple were married there last Thursday noon. The following dispatches were received in Coshocton Tuesday which throws little light on the strange condition existing in the life of the young woman:

Newark, O., Nov. 21.—(Special)—Olga Mercees Garber, aged 23, of Caldwell and Zanesville, was twice married in 41 hours last week, if the statements of Bennett Hall of this city, who claims to have papers to show he is her husband, and of Mrs. Garber, the girl's mother at Caldwell, are to be believed. The girl, acknowledging the marriage to Hall at Covington, Ky., last Saturday and denying the marriage at Caldwell to J. Foy Cochran of Coshocton last Thursday, has been taken home to Caldwell by her mother.

Bennett, a Baltimore & Ohio brakeman, returned from his run yesterday to find his bride, as he claims, gone. When he learned the story of her return to Caldwell he claimed that the girl had told him that if she had been married at Caldwell last Thursday she was drugged and knew nothing of it.

He also claimed to have papers to show that he and Miss Garber were married on last Saturday morning at Covington by the probate judge, as asserted that they had eloped in order to frustrate the plans of the girl mother, who was insisting that she marry Cochran.

Girl Would End Life?

Mrs. Garber and a brother of the girl came here yesterday morning after her. They found her in Hall's room at the Doty House and insisted that she return home with them.

It is claimed that she refused, and when bidden to come along picked up a bottle of carbolic acid from a dresser and the efforts of three men were required to prevent her drinking the contents. She was finally taken to the depot and boarded a train for her home.

Caldwell, O., Nov. 20.—(Special)—Miss Olga Mercedes Garber and J. Foy Cochran of Coshocton were married here at 4 o'clock last Thursday afternoon by the Rev. Mr. Norris, the parsonage on a license issued by the local probate judge.

Cochran came here to superintend street paving contract and, it is stated, met with favor by the girl's mother.

Cincinnati, O., Nov. 21.—A marriage license was issued to Bennett Hall Wheeling and Miss Mercedes Garber of Caldwell, at Covington Saturday and they were married by a justice.

BRANCH BREAKS SKULL

Ed Wright May Die of Injuries Received While Felling Tree Tuesday Morning — Is Unconscious — Ugly Gash in Head.

Ed Wright, 42 years old, a timber cutter, is lying at the home of his father William Wright at New Moscow, suffering from a fractured skull and in an unconscious condition the result of being struck on the head by a falling tree on the farm of Willard McKee, near New Moscow Tuesday morning. He may not recover.

Wright was working with C. E. Haines of New Moscow, clearing a piece of land on the Milford McKee farm. A tree was sawed in two and when it fell Wright failed to get out of its way. One of the heavy branches struck him a blow on top of the head laying his scalp open to the bone with a gash several inches long. He was entangled in the branches of the trees.

When he was struck Wright was knocked unconscious. Haines rushed to his side and picked him up. It was at first thought the man was dead. He was carried to the home of his father near New Moscow where Dr. Wright of Warsaw and Dr. Iden of Dresden attended him. He had not yet gained consciousness at a late hour this afternoon. The accident occurred at 10 o'clock.

The physicians say they fear his skull is fractured and he has a very slight chance to recover.

HIST! THE THOT SURE PLICKENS!

Stranger, Maybe in False Whiskers and Blue Goggles, Sent By Wheeler

The plot thickens.

Billy Miller, the human boreas, two-thirds like Caesar, came and saw and departed, last Saturday.

Tuesday morning P. C. Shipps and Alex Stewart of the local dry organization waited on the wind-swept platform of the Pennsylvania station for No. 19 to come in.

They were waiting for the great Unknown.

They peered anxiously into the face of every stranger to see if it were he, but not a sign of recognition was forthcoming. Disappointed, they hiked up the street.

It is said that a stranger from the anti-saloon league's palatial headquarters at Columbus is to be sent here to mold the bullets for the local campaign against the farmers and business men and in aid of the bootlegger. He didn't come on No. 19.

It is whispered that Miller passed up the job but has promised to send a lieutenant.

The plot was re thickened in the afternoon.

Mr. Shipps dropped into a place near the depot and used the telephone.

"Mr. So and So is here," he said, fearing so and so for fear an objectionable Age reporter might be in hearing, "and I shall be engaged with him all the afternoon. I shall see you as soon as we talk it over."

What? Also who? The when and why appear to be apparent.

HUNTING PARTY IS BACK HO[ME]

Were Miles Away From Railroad With Snow [Two] Inches Deep.

C. D. Brooke has returned from an enjoyable hunting trip in the big woods" along the state line between northern Michigan and Wisconsin. He brought back a fine young buck as a trophy of the hunt.

In the party beside Mr. Brooke were Messrs. W. C. Clow of Newcomerstown, W. E. Clow and sons W. C. Jr., and Kent, Waller Knott and Farwell of Chicago and their camp cook, with three native guides.

The party got their full quota, one deer each and were in the wilderness miles from any railroad.

"Snow was 28 inches deep on the level and the mercury was nine below zero" said Mr. Brooke. "It's a beautiful wild country and the big forests of hemlock, spruce, tamarack etc., made it look like a forest of Christmas trees. We had royal fare and lived high. Dressed warm? I should say so. First a fellow has to put on a thin pair of socks, then a pair of heavy wool ones, then another pair of thicker wool ones and then a pair of German wool socks about an inch thick and that come up to the thigh. Then your hunting shoes and on over all that. Two or three suits of woolen underwear and hunting suit complete the outfit. For eight hours one day we stood along a deer run, with the temperature below zero watching for game. We were amply repaid however."

They lived mostly on the game they killed, and camped in a little cottage provided by one of the guides on the shores of a picturesque little lake in the middle of the wilderness.

ATTEND FUNERAL OF LATE DR. McDONALD

Dr. Bonnett and Dr. Walker, partners of the late Dr. E. S. McDonald, accompanied by Miss Julia Myers of this afternoon for Minerva to attend the funeral of Dr. McDonald. The obsequies will take place there at 1 p. m. Wednesday.

Beside his father and mother, there were at the doctor's side, when he died, his devoted wife, formerly Miss Jessie Bonnett of this city and little David.

A letter from his father to Dr. Bonnett today states that the doctor was conscious to the last and suffered little pain. His death was peaceful and calm. After the operation peritonitis set in and the case was hopeless.

"Till the very last Dr. McDonald's courage never failed him and he was confident that he was getting better and would get well. He was one of the best liked and most popular young men in Coshocton and his untimely end is mourned by hosts of friends.

Pilferers "Lift" The Daily Age From Subscribers' Porches

It is perhaps complimentary to have people want your commodity so badly that they are willing to steal it, but it is rather annoying.

Two or three carriers' routes of The Daily Age have been annoyed lately by papers being stolen after the papers are placed at the door. In one or two instances, in the dusk, grown men have been seen to lift the paper and pas srapidly on.

The Age desires to protect its subscribers to the fullest extent possible, and is exerting every effort to put a stop to the practice.

At the same time a cordial invitation is extended to the pilferers to drop in and subscribe. It is only ten cents a week—fair and fearless and all the news served in family style.

In the meantime the city must remain dark, as no contract can be awarded or provision made for the lighting.

It is Criminal to Neglect the Skin and Hair

THINK of the suffering entailed by neglected skin troubles — mental because of disfiguration, physical because of pain. Think of the pleasure of a clear skin, soft, white hands, and good hair. These blessings, so essential to happiness and even success in life, are often only a matter of a little thoughtful care in the selection of effective remedial agents. Cuticura Soap and Cuticura Ointment do so much for poor complexions, red, rough hands, and dry, thin and falling hair, and cost so little, that it is almost criminal not to use them.

Although Cuticura Soap and Ointment are sold by druggists and dealers everywhere, a postal to "Cuticura," Dept. B, Boston, will secure a liberal sample of each, with 32-page booklet on Skin and Scalp Treatment.

The New Discovery in Domestic Science— Paper Bag Cookrey

Some months ago M. Nicholas Soyer, chef of the celebrated Brooks' club of London, announced the discovery of a new system of cooking in paper bags which promises to revolutionize cooking the world over. So great is popular interest in the subject that Soyer is spending all time traveling up and down and across England conducting demonstrations of the new system.

The Daily Age is indebted to the courtesy of the Sturgis & Walton Co., owners of the American copyright of M. Soyer's system of paper bag cookery, for permission to publish his copyrighted description of his new discovery.

BY M. SOYER.
Chef of Brooks' Club, London.

I do not claim for the paper bag system of cookery that it can cook everything. It is evident that tea must still be made in the teapot. Generally speaking, we may waive our claim to having mastered the difficulty with respect to soups, although I have made beef tea with excellent results. The following is a list of articles that may in the meantime be avoided:

Soup (except beef tea), omlette, scrambled eggs, jam (except in small quantities), Scotch, kale, beans, cabbage, cauliflower, broccoli, artichoke, macaroni or kindred Italian pastes.

The success of the system depends entirely upon how it is carried out. Some people have imagined that all that I urge amounts to a general use of the bag in place of the ordinary saucepan, without any attention to the conditions that are essential to good cooking. Good cooking requires time, care attention to detail, taste and a temperature suited to the particular dish being cooked. While the paper bag system is labor and time saving, as well as affording more nutritive and appetizing effects that the present, it does not abrogate any of the rules that apply to efficient work at the kitchen table. A stew must be made up of the ingredients that constitute a stew and proportioned to the number of whom it is required.

The same conditions apply to this system. Let me, therefore, go over as minutely as I can:

The Bag.

Specially prepared bags should be used. Without them the method cannot be practiced with assurance of success. The bag should be made of materials that guarantee its purity. It should be odorless and its purity a guaranty that nothing injurious can possibly be imparted from it to the food cooked in the bag.

Before using the bags:

1. Select one that "fits" the food intended to be cooked.

2. Grease slightly the inside of the bag, except in the case of vegetables or when water is added. For beginners it is advisable. Butter, lard or drippings may be used.

3. When the food has been prepared for the bag place the same on the table and lift the uppermost edge of the bag while you insert the contents.

4. Fold the mouth of the bag two or three times and fasten with a clip; strong wire paper clips obtainable at any stationer's answer the purpose. It is deshable to fold the corners of the bag so as to secure as near as possible a hermetical closing.

It may occasionally happen that a bag may leak, in which event it is not necessary that the food should be emptied and transferred to another bag. Simply put the bag within another.

The Oven.

Practically any oven will do. Paper bag cookery is as well suited to a gas stove as it is to a coal oven, an electricity cooker or oil stove, always provided the necessary heat is secured. The size of the oven makes no difference to the cooking, only to the size of the article.

The oven should be kept clean, of course. Although under the new cookery it is unnecessary even to have the sides of the interior covered with grease and fat, dust is always about, and if the bag is to be absolutely above the slightest contact with the outer world of microbes the oven should be well and regularly dusted.

Before placing the bag with its contents into a gas oven the gas should be lighted at least eight minutes beforehand. The average oven heat should be not less than 200 degrees Fahrenheit, and when the bag is put into the oven this ought to be reduced in eight minutes after to 170 degrees. To find out the correct degree a thermometer, of course, is the most accurate method, but experience will soon teach the cook what is required and the color assumed by a piece of paper placed in the oven will at once tell whether it is too hot or too cold.

In the case of coal heated stoves with solid shelves a wire broiler should be used. This should be placed on the shelf with the bag containing the food. It is necessary to emphasize the fact that, except in the case of pies, no dish should be used. Some people have failed to obtain the right results, and when inquiries have been made it has been found that the food had been placed in a dish and the dish in the bag and the bag placed on the broiler.

Another important detail is the distance that the bag should be from the gas jet in the case of a gas stove. Generally it should be about an inch above the flame.

Order of Articles in the Oven.

As a general rule the order should be as follows: Roasts and entrees on the lower shelf, fish in the middle and pastry, etc., on the top, where the heat is most intense.

How to Know When the Food Is Cooked.

If the time table is adhered to the bag may be taken out of the oven in confidence that the food is well cooked. But if from any cause the heat declines it is very easy to find out whether the food is properly cooked. Except in the case of vegetables a little hole can be made in the bag by which the food can be seen and judged as to whether it is cooked or not. This will not militate against the cooking of the food in the slightest. In many articles, however, a slight touch of the bag will indicate to an ordinary cook whether the bag is ready to be served. A prick with a needle is another method that may be adopted. But a peculiarly favorable feature of paper bag cookery is that if the food is left five or ten minutes in the bag in the oven longer than the specified time on my table, the food will not be spoiled. There is little chance of over-cooking.

Dangers to Be Avoided.

Cooking generally has its dangers, like other occupations. It is the beauty of this system that the dangers are reduced to a minimum. One does not require every now and then to open the oven door "to see how the roast is getting on." The oven is doing its work because the whole force of the heat is playing upon the bag and insuring every part of the food being properly penetrated. Nevertheless, care should be exercised when opening the oven. A draft from an open door or window may cause a gas flame to ignite a bag. When such an accident occurs, the bag should be immediately taken out and placed inside another bag and left a few minutes longer to rectify any loss that the food may have sustained in the meantime.

Care again should be exercised in taking the bag out of the oven. A plate should be placed gently under the bag about a couple of inches and the bag drawn completely onto the plate with the fingers. The bag should be ripped open from the top and the fragments thrown at once away.

TRUST BLOCKS STEEL INQUIRY

Says Government Suit Knocks Out Congressional Probe.

Washington, Nov. 21.—In all probability the activities of the Stanley committee, named to investigate the business methods of the steel trust, will be curtailed indefinitely. Richard V. Lindabury, of counsel for the steel corporation, is the man who, figuratively speaking, threw a monkeywrench in to the cogs of the machinery.

When the committee met for the first time since the latter part of August Mr. Lindabury entered formal objections to a continuance of the hearing, in view of the fact that the government had begun suit against the steel corporation. He called attention to a clause in the original resolution creating the Stanley committee and clothing it with inquisitional powers which specifically limits the inquiry to violations "which have not been prosecuted by the executive officers of the government." He made the further objection that it would be unfair, unjust and unprecedented for the committee to go on as it has been intended when another branch of the government was trying to strengthen its case against the defendant corporation.

Witnesses were waiting to be heard when Mr. Lindabury made his protest, but the committee, realizing the importance and significance of the point raised, immediately excluded everyone from the hearing room and went into executive session.

Debated Three Hours.

For nearly three hours the members in attendance—Representatives Stanley, Littleton of New York, McGillicuddy of Maine and Beal of Texas Democrats, and Danforth of New York and Gardner of Masachusetts, Republicans—debated the issue, but were not able to reach an agreement. Finally it was unanimously decided to postpone settlement of the question raised by Mr. Lindabury until the assembling of the full committee. The quorum of the committee, which was unanimous to settle the question raised by Lindabury, consisted of four Democrats and two Republicans. One Democrat, Representative Bartlett of Georgia, and two Republicans, Sterling of Illinois and Young of Michigan, were absent. The lineup which prevented Mr. Stanley from carrying out his announced program of proceeding with the investigation, regardless of the government's suit, is taken as a pretty strong indication that when the full committee gets together Mr. Stanley will be sat upon and the inquiry indefinitely postponed. There is also afforded considerable ground for speculation as to just what will happen when the committee comes to make its report. Unless all indications are wrong, Mr. Stanley, the chairman of the committee, will write the minority report and not the report of the majority.

WARM FIGHT IN GRANGE AT END

National Organization Indorses Initiative and Referendum

Columbus, O., Nov. 21.—In the National Grange convention the progressives swept all before them when they succeeded in getting adopted a resolution indorsing the initiative, the referendum and the full recall; a resolution congratulating the people of the United States over the selection as United States senator from Maine of Obediah Gardner, the progressive leader of that state, and a unanimous vote accepting the report of the grange as a grievance committee that B. C. Kegley of Washington was not guilty of the charges brought against him by the multi-millionaire Samuel Hill.

The resolution on the initiative and referendum and recall was introduced by G. R. Malone, state master of South Dakota. Only two votes were cast against it. It reads:

Present System Unsatisfactory.

"Whereas, the experiment of uncontrolled, delegated representative government has proved unsatisfactory,

"Resolved, That we favor the restoration of these rights to the people by the system known as direct legislation, to-wit: that a reasonable number of voters should have the right to initiate legislation to be submitted to a vote of the people direct to refer measures passed by legislative bodies, and to recall unfaithful employes of the public."

The resolution indorsing Obediah Gardner as United States senator from Maine declared that the interests had been asserting themselves so directly in the United States senate that it has become vital that the "industrial order" secure direct representation; that Obediah Gardner has for years been a progressive, faithful and efficient leader of the farmers in Maine, and that the entire country is to be felicitated over his selection. This resolution passed unanimously.

The nomination and election of officers is the program for today.

Ohio State Master T. C. Laylin, who opposed the initiative and referendum before the State Grange here, rose to a question of privilege before the National Grange and complained that neither the progressives nor the stand-patters were treating him right, in that both refused to take him into their confidence.

He declared: "I am ashamed to have the National Grange meet here in Ohio, for all the consideration I get. When I approach a group of progressives, so-called, they fade away like the snow before the rays of the sun; when I approach a crowd of so-called stand-patters they greet me with a handshake, but with a 'nothing doing' expression. The littleness of this National Grange in this matter is a disgrace and a shame to me. I wish it had not met here."

REVOLT MAY FOLLOW

President of Santo Domingo Killed by Political Enemy.

Washington, Nov. 21. — President Caceras of Santo Domingo was assassinated, according to a dispatch received at the state department from the American charge d'affaires at Santo Domingo city. Caceras was shot. Although there have been no reports of an uprising following the assassination, it is assumed the murder was the result of a political plot and that enemies of the Caceras party will attempt to seize the government.

PROGRESSIVES OUT FOR TEDDY

Boom Is Started at Garfield Anniversary Dinner

Youngstown, O., Nov. 21.—"Roosevelt for the Republican presidential nomination in 1912," was the slogan sounded at the banquet given in honor of the anniversary of the birth of James A. Garfield, martyred president. The announcement of the Roosevelt boom was made by John J. Sullivan, former district attorney of Cuyahoga county, who said:

"To the president of the United States, William H. Taft, the Republican party and the American people are sounding in his unwilling ears the tocsin of his recall from power, and as a distinguished American citizen they are waiting his return to private life with the open arms of a hearty welcome.

"Who shall lead us in 1912? I do not know what you may think, but if I mistake not, the prevailing sentiment of the masses, their eyes are turning toward a faithful friend and familiar figure, who has climbed the perilous heights of public duty unscathed, who has been tested and tried and found true, whose heart beats in rythm with the pulse-beats of humanity everywhere—the foremost citizen of the world, Theodore Roosevelt."

Motive Is Disclosed.

Sullivan's declaration for Roosevelt was the sequel to the action of the progressives in declining to approve of the candidacy of LaFollette when in caucus last week.

Other speakers present in addition to Garfield's son, James R. Garfield, and Mr. Sullivan, were Joseph Wess of Youngstown, J. B. Burrows of Painesville and Warren Thomas of Warren, O.

Judge R. M. Wanamaker of Akron created a decided sensation when he delivered a most bitter attack on President Taft and his entire administration. Judge Wanamaker charges that Taft rode into power on the Roosevelt policies and immediately deserted the Roosevelt crowd and went over to the reactionaries. He then tears to pieces and holds up to ridicule many acts that the president has done and declares that never in the history of thi scountry, not excepting the administration of Andrew Jackson, has so much patronage, coercion and intimidation been used to influence legislation as has been used in the past two years."

SAVED MANY FROM DEATH.

W. L. Mock, of Mock, Ark., believes he has saved many lives in his 25 years of experience in the drug business. "What I always like to do," he writes, "is to recommend Dr. King's New Discovery for weak, sore lungs, hard colds, hoarseness, obstinate coughs, la grippe, croup, asthma or other bronchial affection, for I feel sure that a number of my neighbors are alive and well today because they took my advice to use it. I honestly believe it's the best throat and lung medicine that's made." Easy to prove he's right. Get a trial bottle free, or regular 50c or $1.00 bottle. Guaranteed by C. E. Anderson and C. W. Ferguson of Roscoe.

Locking himself in a toilet room, he raised a window and jumped. He then was within 100 miles of the penitentiary. Mansfield was sent up from Cincinnati to serve one year for forgery.

The Theatre

At the Colonial.

The Marshall show with Mysterious Ethel at the Colonial was an enjoyable act that was intermittant with the work of "spooks" and ghosts from the stage. Many who were never convinced of the spirits were more than believable after the gentleman had taken one member of the audience through the mysterious land despite the fact that he was fixed in such a way as to be unmovable. The mental telepathy act worked well and all questions were answered to the entire satisfaction of the audience. The pictures were also good. "A Divorce," a true to life picture was a moral drama showing the uncomfortable situation made by an unfaithful husband returning to a home of happiness.

At The Mystic.

Along with the interestingpictures at the Mystic last night, Claude Melnotte made things more enjoyable with his accomplished banjo entertainments and songs. All songs were new and the jokes clever. Melnotte is, in short, an orchestra by himself.

Two splendid pictures were also given, "His Stubborn Way" and "Old Billy." The first picture was more than comic showing the trials of two lovers in convincing their irate father to permit their marriage. He finally consents when another pretending lover appears on the scene.

At the Luna.

"The Trail of the Books" and Rangoon Indian," although entirely different pictures were both enjoyable ones at the Luna last night. The first shows how the affiliations of a quarrelsome husband and his wife were brought about by their little daughter after the tot had escaped miraculous death

Ragoon Indian took one on a trip along the banks of the well known river. The scenes, villages and natives were interesting.

At the Utahna.

The "Gossip" at the Utahna last night with funny Mr. Bunny in the chief role was a good one. A very confusing turn of events takes place in the picture when the village gossips mistake one of the ministers of the village for the wife of one of the prominent citizens. Of course when she finds her mistake she is given a good ducking and is satisfied to return home by the back way.

"Saved From The Torrents" was another good one showing a daring ride taken by two lovers to save the coming train from disaster.

CHAUNCEY STOCK PLEASES AUDIENCE

When the press agent exhausted his vocabulary in describing the beautiful gowns worn by Miss Grace Feiffer, apeparing at the Sixth-St. theatre this week with Fred C. Chauncey's stock company, he did not stretch a point. Miss Keiffer is undoubtedly the most gorgeously dressed woman who has ever been seen in stock on the local stage.

The theatre was fairly well filled at the opening performance of the Chauncey show here Monday night with "The Provider" as the opener. The piece was a pretty drama of intrigue and cunning with a pretty heart story running through.

Tonight the company will present the real version of Sapho. It should attract a large crowd. The company is a good one throughout.

CONFIDENCE

We Back Up Our Statements with Our Personal Reputation and Money

We are so positive that we can relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine free of all cost if we fail.

We think that it is worse than useless to attempt to cure constipation with cathartic drugs. Cathartics may do much harm. They may cause a reaction, irritate and weaken the bowels, and make constipation more chronic.

Constipation is often accompanied and may be caused by weakness of the nerves and muscles of the large intestine or colon. To expect a cure you must therefore tone up and strengthen those parts and restore them to healthier activity.

The discovery of the active principle of our remedy involved the labor of skillful research chemists. This remedy produces results such as are expected from the best of the best-known intestinal tonics, and it is particularly prompt in its results.

We want you to try Rexall Orderlies on our guarantee. They are exceedingly pleasant to take and are ideal for children. They apparently act directly on the nerves and muscles of the bowels, having, it would seem, a neutral action on other organs or glands. They do not purge or cause inconvenience. If they do not positively cure chronic or habitual constipation and thus relieve the myriads of associate or dependent chronic ailments, your money will be refunded. Try Rexall Orderlies at our risk. Three sizes of packages, 10c, 25c and 50c. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store, Siegrist & Williams.

THE 4044

A total list of signatures aggregating more than 4000 is something worth thinking about. It is more than a majority of all the voters in Coshocton county, and is tangible evidence that at least that many voters are dissatisfied with the results of the Rose county option law. We believe that practically every man whose name appears on the petition is a firm believer in temperance; that practically every man is a good and honest citizen; that he wants temperance; that he wants a stop put to indiscriminate liquor selling; a stop put to selling liquor to young boys; a stop put to the free and easy and non-tax-paying speakeasy that springs up in another spot as soon as it is squelched in one. It is merely a crystallization of public sentiment, which seems to favor concentration of liquor selling, in regulated places and under drastic rules; to compel liquor sellers to pay a just proportion of the tax which has been saddled onto the home-owner; and to make for a cleaner and better city and county. The date of the election is set so let every man go to the polls and vote his honest sentiments, swayed neither by threat nor sentiment, but guided solely by common sense and logic.

AN UGLY CRIME

Out in Kansas where civic virtues are supposed to be centered and the millenium is presumed to hover, the most dastardly crime of the year has come to light. A gang of men comprising all walks of life, got a young and pretty and popular school teacher to go for a drive with one of their number, waylaid the pair, dragged the girl from the buggy, compelled her to submit to frightful indignities, smeared her naked body with tar and then placed her clothes on her and sent her home. Dispatches state the girl's reputation has always been of the highest, but that a lot of young bloods were jealous over her popularity and because she would have nothing to do with some of them. The leader appears to have been a wealthy mill owner, a leader in church and municipal affairs. No matter who the woman is, no matter what she is, bipeds who call themselves men and will do a thing like that ought to be taken to a public place and submitted to an exact reproduction of their same crime, with a few fancy additions, such as made Kansas City famous.

SOURED

The man who stalks down the street with eyes gimleted over his nose, not speaking to his neighbors who chance to differ with him on matters of principle, hurts only one person, and that person of least little consequence—himself. Such a person is indeed small. The foundation rock of this nation is the twin one of free thought and of free speech, and because we cannot compel our neighbor to think as we do, it does not help matters to call him a crook and a grafter and corrupt and to stop speaking to him on the street. The man of broad mind and real intellect can come up smiling and give blow for blow, honest and fearless. But the small soul, the warped, human shrimp, must puff his cheeks, purse his lips, fix his look and stalk by, unhappy, unheeded and unmourned. There is food for thought in this: "keep sweet."

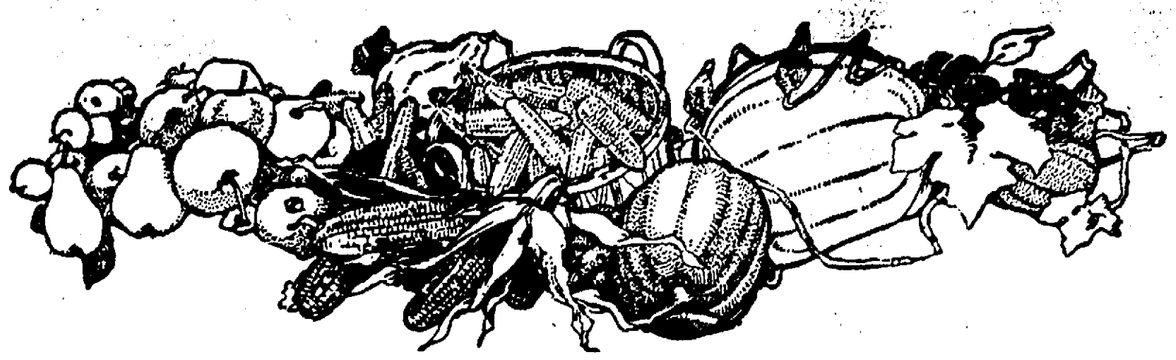

Whenever the Aikin tax is assessed against some one for liquor selling, one wonders how much more is due the county that it is not getting, under present conditions.

The grim reaper made some sweeps in Coshocton county in the last few days. An unusual number of homes have been visited.

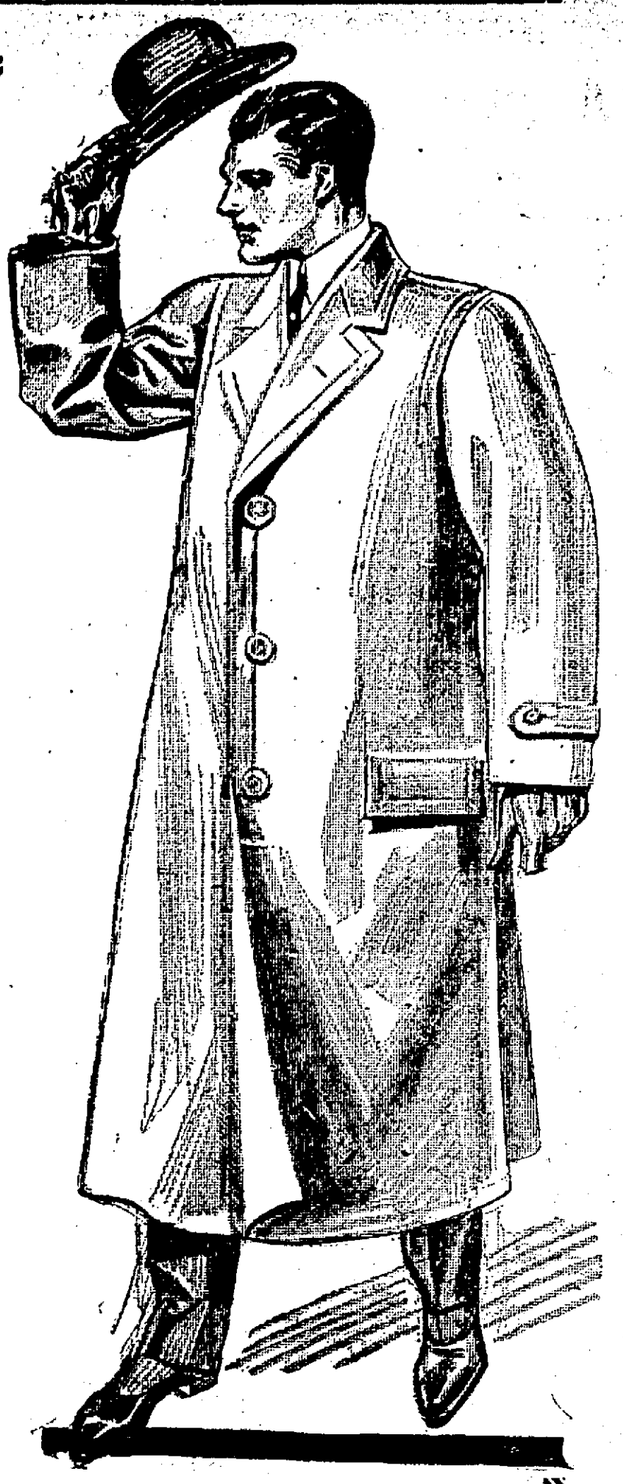

In Columbus the body which is to formulate Ohio's new constitution is spoken of as "Bigelow's constitutional convention."

How nice it would be to have a national administration of economy and reform such as Mr. Harmon has given Ohio.

TEN YEARS AGO.

(From The Age of Nov. 21, 1901)

Train ten on the Panhandle was wrecked at Bowerstown about 12:25 o'clock Monday, shortly after leaving Dennison. A freight train being unable to clear the track in time was struck from behind by the passenger. The wreck was cleared up in a short time.

Tuscarawas courts are ridding the county of wicked people by deporting them, and some are said to be locating in Coshocton. The people are of the vicious sort and are more of an annoyance than an evil to the community.

Mrs. E. E. Moore, of Newark, district inspector of the Woman's Relief corps, was in Coshocton Monday evening inspecting the local branch. The ladies were out in force, and they made an excellent showing receiving many compliments from the inspector. Lunch was served after the inspection and the occasion was an enjoyable one.

Librarian Love conducted the sale of reserved seat tickets for the first concert of the lecture course to be given next Tuesday evening, at the library this morning and it was well done. A large number of tickets were disposed of in a short time and without any confusion.

Agent Kipp has received a copy of the winter schedule to become operative on the Panhandle tonight at midnight. The most important change is that No. 21, the fast train to the west, will stop at Coshocton at 4:39 o'clock every morning. It will greatly aid the passenger service.

FELL ON GETTING OUT OF CAR

Prosecutor George Klein got his bumps Monday afternoon when he alighted from Fred Timmons' automobile in front of the National bank. He faced the wrong way, like the lady alighting from the street car, and suddenly sat down with a thud. He declares the only thing that hurt, however, was his pride and that not seriously.

Oil lamps can be prevented from smoking is a little liquor distilled from onions be placed in the bottom of their reservoirs.

What's The Matter With Your Baby?

The young mother—and many an old one, too—is often puzzled to know the cause of her child's ill nature. The loudness of its crying does not necessarily indicate the seriousness of its trouble. It may have nothing more the matter with it than a headache or a feeling of general dullness. It cannot, of course, describe its feelings, but as a preliminary measure you are safe in trying a mild laxative.

Nine times out of ten, you will find it is all the child needs, for its restlessness and peevishness are perhaps due to obstruction of the bowels, and once that has been remedied the headache, the sluggishness and the many other evidences of constipation and indigestion will quickly disappear.

Don't give the little one salts, cathartic pills or nasty waters, for these will act as purgatives, and they are too strong for a child. In the families of Mrs. M. A. Wisner, West Unity, Ohio, and Mrs. Herman Wilson, Stantsville, Utah, the only laxative given is Dr. Caldwell's Syrup Pepsin. It has been found to answer most perfectly all the purposes of a laxative, and its very mildness and freedom from griping recommend it especially for the use of children, women, and old folks generally—people who need a gentle bowel stimulant. Thousands of American families have been enthusiastic about it for more than a quarter of a century.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 465 Washington St., Monticello, Ill. Your name and address on a postal card will do.

The Fountain Head of Life Is The Stomach

A man who has a weak and impaired stomach and who does not properly digest his food will soon find that his blood has become weak and impoverished, and that his whole body is improperly and insufficiently nourished.

Dr. PIERCE'S GOLDEN MEDICAL DISCOVERY makes the stomach strong, promotes the flow of digestive juices, restores the lost appetite, makes assimilation perfect, invigorates the liver and purifies and enriches the blood. It is the great blood-maker, flesh-builder and restorative nerve tonic. It makes men strong in body, active in mind and cool in judgement.

This "Discovery" is a pure, glyceric extract of American medical roots, absolutely free from alcohol and all injurious, habit-forming drugs. All its ingredients are printed on its wrappers. It has no relationship with secret nostrums. Its every ingredient is endorsed by the leaders in all the schools of medicine. Don't accept a secret nostrum as a substitute for this time-proven remedy of known composition. Ask your neighbors. They must know of many cures made by it during past 40 years, right in your own neighborhood. World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

ISLANDERS TERRORIZED

Rush From Homes When Martinique Begins to Rock.

Fort de France, Martinique, Nov. 21.—Consternation and panic prevailed when the whole island rocked under two severe earthquake shocks, which tumbled crockery down from shelves and sent pictures clattering to the floor in churches and public buildings as well as in the homes of the people

The great tragedy of May, 1902, when 40,000 persons were killed through the eruption of Mount Pelee, was recalled, and men, women and children fled screaming into the streets. A first look at the volcano, however, showed no untoward disturbance. The movements of the two quakes was wave-like, but beyond the widespread terror they created, no damage was done.

They are just passing the first mile stone on the five mile coarse. There are just five more weeks of the enterprise or four more from next Saturday. The time isn't any too long but you can accomplish wonders in five weeks if you will just pitch in and work hard.

Don't listen to the gossip that is traveling around. Why if you believe what you hear, the gossipers will have you believe that there is no chance for anybody in this competition to win a prize. How this could be possible when there must be $800 given away in seven rich cash prizes, is more than the wisest man can answer. But there are some people who dearly love to talk. They feel that because they did not enter the race, that they don't want any of their neighbors to grab off a little easy money. Ninety-nine times out of a hundred it is simply jealousy that prompts the knockers to get busy. Pay no attention to it. The wise ones will pitch in forthwith and just before Christmas, the very time when everybody likes a little extra change, they will have the neat sum of $800 to divide up among themselves.

Don't let the bad weather deter you from your work. Gain an advantage over your opponents by working through the bad weather. Be aggressive. Keep up your courage and your friends will rally to your support. Be confident Inspire your friends by your own hearty enthusiasm. Don't approach your friends in a half confident manner. Don't say "Oh I don't expect to win a thing but then I guess I will try a little anyway." How in the world can you expect your friends to help you when you talk that way. They want to help a "live wire" They desire to side in with someone who has a chance of winning. Tell them that you are in to win Assure them that you are going to land one of those cash prizes. Then they will help you. Just keep plugging.

DANDRUFF AND ITCHING SCALP YIELD TO ZEMO TREATMENT

Why should you continue to experiment with salves, greasy lotions and fancy hair dressings trying to rid your scalp of germ life. They can't do it because they cannot penetrate to the seat of the trouble and draw the germ life to the surface of the scalp and destroy it.

Why not try a PROVEN REMEDY? One that will do this. We have a remedy that will rid the scalp of germ life and in this way will cure DANDRUFF and ITCHING SCALP.

This remedy is ZEMO, a clean, refined, penetrating scalp tonic that goes right to the seat of the trouble and drives the germ life to the surface and destroys it.

A shampoo with ZEMO (ANTI SEPTIC) SOAP and one application of ZEMO will entirely rid the scalp of dandruff and scurf. Do not hesitate, but get a bottle of ZEMO today It acts on a new principle and will do exactly what we claim for it.

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally acting upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. SAGE TEA WILL DARKEN THE HAIR

Restore Faded and Gray Hair to Natural Color—Dandruff Quickly Removed.

There is nothing new about the idea of using sage for restoring the color of the hair. Our great-grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or streaked appearance they made a brew of sage leaves and applied it to their hair, with wonderfully beneficial effect.

Nowadays we don't have to resort to old-time, tiresome methods of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves, and all we have to do is to call for the ready-made product. Wyeth's Sage and Sulphur Hair Remedy, containing sage in the proper strength, with the addition of sulphur, another old-time scalp remedy.

The manufacturers of this remedy authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

Don't neglect your hair. Get a bottle of Wyeth's Sage and Sulphur today, and notice the difference after a few days' use.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agents, Siegrist & Williams
